File CC-0789

Comments to the closed captioning petition from The Villages News Network("VNN")

I oppose the request by The Villages news Network for an exemption from the FCC's closed captioning rules.

The majority of The Villages residents are over 55 years of age and many are hearing impaired.

If VNN is distributed to serve all The Villages residents, then it would seem to be a disservice to exclude the hearing impaired.

Please do not grant the exemption from the FCC's closed captioning rules requested by The Villages News Network ("VNN").
